William G. Lowrie Dept of Chemical and Biomolecular Engineering |
Jan 2008 – Aug 2010 Columbus, OH

- Conducted data analysis on experimental lab results and publish over thirteen peer reviewed articles in science and engineering journals
- Optimize fractionation, filtration and purification techniques in order to engineer hemoglobin for drug synthesis and toxicological analysis

LIFE PHILOSOPHY

"Where your fear is, there your task is."
Letters of C. G. Jung - (4th June 1956)

MOST PROUD OF

My Persistence
to author and co-author over 13 peer-review publications in 3 years

My Dedication
to complete Jr. Scientist Training Program at the N.I.H. in 9 months

STRENGTHS

Clear-cut Statistical Thinker | Researcher
Adept at Visualization | Comic Illustration

TECH STACK

MS Excel, Tableau Public
DaVinci Resolve Studio 20
Python (pygal), R Studio
LaTeX (v2.overleaf.com)
Claude Opus 4, xAI (Grok 4)

EDUCATION

M.A. | History of Modern Science |
The University of Georgia, Athens, GA.
Aug 2023 – Aug 2025.

Master's Thesis title. 'Reassessing the Academic Reception of Moses Wharton Young's Neuroscience Contributions.'
Primary Advisor, Stephen Mihm, Ph.D.

B.A. | Economics | Public Economy |
University of the District of Columbia
Sep 2011 – Jun 2014.

Academic Advisor, Racquel Brown, J.D.

B.A. | Archaeology | Anthropology |
Howard University, Washington, DC.
Jan 2000 – Jun 2003.

Academic Advisor, Micheal Blakey, Ph.D.
